"CLIMBING FOR A CAUSE"

National Fallen Firefighters Foundation

The United States Congress created the National Fallen Firefighters Foundation to lead a nationwide effort to remember America's fallen firefighters. Since 1992, the tax-exempt, nonprofit Foundation has developed and expanded programs to honor our fallen fire heroes and assist their families and coworkers.

The Foundation is a 501(c)3 nonprofit organization, located in Emmitsburg, Maryland. It is registered as a corporation in the State of Maryland. The Foundation receives funding through private donations from caring individuals, organizations, corporations, and foundations.

When a firefighter dies in the line of duty, life changes forever for the surviving family members. For families of firefighters who have been honored at the National Fallen Firefighters Memorial, there is a place to go each year to find support and comfort, make new friends, and create new memories. Each year the National Fallen Firefighters Foundation hosts a conference devoted to the needs of adult survivors who have lost a firefighter in the line of duty. Survivors attend workshops on a variety of topics related to grief, wellness, self-care, and practical skills. They spend time getting to know one another in small groups, during meals, and on evening outings.

The conference is open to adult survivors of firefighters who have been honored at the National Fallen Firefighters Memorial in Emmitsburg, Maryland. Spouses, significant others, parents, siblings, and adult children are invited to attend.

Survivors can provide a unique kind of support to one another. Simply connecting with someone else who has lost a beloved firefighter can offer a sense of hope and understanding. Members of our Fire Service Survivors Network volunteer to reach out to others. The Foundation matches members of the network with survivors who face similar circumstances. For example, we have brought together spouses who are raising teenagers, women who were pregnant when they lost their husbands, and parents who have lost their only child.

Sometimes, survivors live close enough to one another that they are able to meet in person. More often, they keep in touch by e-mail, letters or phone. Many close friendships have grown from matches made through the Network.

Most importantly, members of this special network remind new survivors that they are not alone.

"CLIMBING FOR A CAUSE"
